1972-1991.

SPECIAL INTERESTS:

Family outings, hunting, fishing, boating, and snow-
machining.

STATEMENT:

In my three terms I have represented the largest
House District in the nation, encompassing 209,406
square miles. This is over one third of our great state.
Now with the redistricting, I currently represent even a
larger district with even more diverse economic and
cultural needs. It is a challenge, but one I consider
with heightened responsibility.

Over the last 6 years, millions of dollars in capital proj-
ects was appropriated for my district, including basic
amenities like water and sewer projects, deferred
maintenance and construction of schools. Funding of
the Power Cost Equalization (PCE) program was
maintained.

With the vast wealth of our great state, we have
opportunities like no other. Alaska must identify eco-
nomic and resource potentials in the state. We need
transportation corridors to access and support
resource development. Pressing for and investing in
alternative means of energy, such as natural gas and
electrical inter-ties, to bring affordable energy to resi-
dents and allow for industry in rural communities is a
priority. We need to promote and support advanced
job training programs and create a strong Alaska work
force. These investments will provide jobs and econo-
my for future generations.

Education continues to be top priority. During my
tenure, we gained school funding increases, efficien-
cies and encouraged accountability in student,
teacher and parents roles.

My commitment to subsistence is and remains:
Subsistence yesterday, Subsistence today, and
Subsistence tomorrow.

Please feel free to contact me to share your thoughts
on issues of concern to you.
